

2021 CONTINUING EDUCATION COURSES

PLEASE NOTE: The current soils courses listed from American Society of Agronomy -- Crop Science Society of America -- Soil Science Society of America are unavailable. We apologize for any inconvenience. A revised set of online training modules are being created to replace the series. The new set of soils courses will follow the same format as the agronomy series and are in the early stages of course development. Please expect the courses to be available in the Spring to early Summer of 2022.

The courses provided in this list are for reference only. The Department of Environmental Conservation is not responsible for course changes or incorrect links on third party websites. Every effort will be made to keep this list updated. It is the responsibility of the licensee to find and obtain the required CEs.

ONLINE: The courses in the table below are completely virtual and may be taken at any time.

SOIL CREDITS	NON-SOIL CREDITS	COURSE NAME AND DESCRIPTION	INFORMATION AND REGISTRATION LINKS
4		Fundamentals in Soil Biology and Ecology	See Note Above
4		Fundamentals in Soil Genesis, Classification, and Morphology	See Note Above
4		Fundamentals in Soil Chemistry and Mineralogy	See Note Above
	3	NOWRA Introduction to Onsite & Wastewater	Registration Information
	1	NOWRA Operation and Maintenance	Registration Information
4		NOWRA Soil Evaluation, Treatment, and Dispersal (Interim Soil CE Approval Expires April 30, 2022)	Registration Information
	1	NOWRA Troubleshooting Flows	Registration Information
	1	NOWRA Troubleshooting Tanks	Registration Information
	1	NOWRA Troubleshooting Pumps and Controls	Registration Information
